To the girls of the South we offer a mild climate and quite as many advantages as they can have at the North.

Again, who will endow professorships or scholarships for girls in their States, or to be the sum of May and June 1879 relative to Mr. all Oriental travelers. A modern poet, Southey, has thus described it in his Thalaba; Onward they come, a dark, continuous cloud of congregated myriads numberiess. The rushing of whose wings was as the sound of a broad river headlong in its course Flunged from a mountain summit or the roar of a wild ocean in the Auturna storm Shattering its billows on a shore of rocks.

direct line from south to north; but several | fidelity? BEARS ADVISING PLANTERS.

actly opposite direction-from north to south, That a farmer cannot permanently prosper As was to be expected and predicted, Mr. Davis's book has been represented by the fanatics of the North as a gnome, a hobgob-lin, which is to be used to frighten fools into the support of the Republican party. The picture of Hon. John C. Calhoun, which was justly and appropriately given a prominent place in Mr. Davis's book, is held up as a taining much valuable information, in its raw head and bloody bones. Mr. Davis does not discuss State rights and secession as a propagandist, but with the sole view of indicating the truth of history. But because he adorns the pages of his book with a life-like likeness of the great champion of merly, and thus sustaining the use of them." a life-like likeness of the great champion of State rights and secession, ergo Mr. Davis is charged with an effort to revive secession.

Another paragraph, in the same issue, in this by Assemblyman Bradley?

Mr. Bangs objected on the ground that the witness had said that he cannot remember State rights and secession, ergo Mr. Davis is charged with an effort to revive secession, says "there is a good deal of clap-trap in the advice which Southern papers in the advice which Southern papers any conversation if any was had. Sensible men cannot be deluded by such stuff. Secession is now regarded by every-body as an exploded fallacy. The doctrine of State rights is now discussed and advocated by the Democratic party as the essence of free government, the corner-stone on is the better for them. The question this case, they will allow this question; if which our institutions rest. The people of arises-why should the papers that are the they do not care to know, they will over the United States, during the days of Weborgan of those who generally strive to deprerule it.
The committee then retired for consultaster and Calhoun, agreed, in general, as to ciate the price of cotton, speak of the advice the rights of the States. The only sub- given for cotton growers to also grow their decided to overrule the objection to the quesstantial difference between them was upon own corn and raise their own hogs as clap- tion, though they thought it an improper one; whether a State had or had not the right to themselves of the probable motives that whether a State had or had not the right to withdraw at pleasure from the Union. That question having been settled by the result of the war, and the decision accepted as a necessity, it would have been natural that the State rights which had been recognised all along dependent attitude gives him opportunity to Mr. Bangs again objected, and read the testion by both parties, should themsetorth have conget satisfactory profits, a fair proportion of timony taken, in which the witness denied by both parties, should thenceforth have con-tinxed to be respected and maintained by which will remain in his hand to carry him any such conversation.

Mr. Smith said if the committee so underthe whole people. But the prejudice against over the next year. The man who has corn, stood that the witness fully denied it, that the mere name of "State rights," excited and hay and bacon to pay for must sell his cotton was all he asked. nflamed by the struggle over secession, and in time to meet his bills, be the market how the extraordinary measures which were re- it may, and he has nothing left over, but sorted to by the government during the war some merchant must "carry" him, Which of (though avowedly only as war measures, justi-fied by necessity), seem to have wiped out consider it expedient to run down cotton with the sale of the Old Dutch Church prop-fied by necessity), seem to have wiped out consider it expedient to run down cotton wr. Smith—What was there about the from the memory of most our Northern prices to the lowest point? The planter who New York Postoffice bill? shears in her hand, and the current paralyzed her arms for an hour or two. The hair of Dr. Peoples and of a friend sitting with him in the hall was singed. The colored cook and her saucepass in the kitchen were badly mixed up. The animals and fowls near the house were frantic with fright for an hour or two. The hall and rooms of the house were filled with a blinking glave of

pouch, but he put spurs to his horse

COTTON PROSPECTS

As Foreshadowed by Reports Received by the Agricultural Department at Washington.

Condition of the Crop Not So Favorable as at This Time Last Year-Spring and Winter Wheat.

Washington, June 15.-The Agricultural Department issues the following synopsis erts for June of cotton; The returns to this Department o be less than one per cent, more than last

The reports are as follows: Forty-one counties in North Carolina ort an average increase of 4 per cent.; And 16 counties in South Carolina repor he acreage the same as last year; And 70 counties in Georgia give an

crease of 2 per cent.;
And 15 counties in Florida give a decrease f 3 per cent.; And 34 counties in Alabama give a de rease of 2 per cent.;
And 41 counties in Mississippi give the une average acreage;

And 14 parishes in Louisiana give an inrease of 3 per cent.;
And 64 counties in Texas give an increase 2 per cent.; And 32 counties in Arkansas give an ir rease of 1 per cent.; And 17 counties in Tennessee report an av-

rage of 3 per cent, decrease. THE CONDITION much lower, being 93 per cent. against 90 per cent. last year at the same time, and 96 per cent, in 1879.

SPRING WHEAT. The acreage of this crop shows a large de cline since last year. The area reported to the Department is only 86 per cent. of that sown in 1880. The condition is, however, fully equal to that of last year at the same

The condition of this crop is reported an average for the whole country of only 76 per cent. The principal complaints are from Michigan, Indiana and Illinois, where, added to the most unfavorable weather, the is great damage from the chinch-bug and the Hessian fly. California reports a very low condition, caused by the cold weather

THE NAVAL ACADEMY.

endations of the Board Visitors to Secretary Hunt.

WASHINGTON, June 15. - The Board of has been in this country two years, and came to Chicago eighteen months ago, since which time he has been in the employ of Block & Arnstein, 176 East Adams street. He has been in rather reduced circumstances, and was owing some money. His employers considered him a sober, industrious and responsible man. It was supposed that he had to been a lieutenant in the German army, and had no friends here. He wrote recently to his home in Germany asking for \$200, which to the was expecting to receive through the German true. It would not be a bad idea were to the past. The board recommend that a the past. The board recommend that a suitable steam vessel of war be armed with rifles, and that smooth-bore guns be provided, o that gunnery may be taught the cadets to have their sons marry as soon as they be- or sail, or both, and that instruction in seacame of age and while still unversed in the ways of this wicked world. But I doubt whether they are right. A man is bound to sow his wild oats at some period or other; if he does not in the beginning he most assuredly will later on. Every man must have his fling, and it is better to have it at once and be done with it. Moreover, when a man marries or vourse case, if back with many a sigh of regret at his crop of vide for a temporary sub-cadetship to insure wild outs but half sown, at the forbidden that those who enter the prescribed course wild oats but half sown, at the forbidden pleasures and thoroughly good times shall in no case be deficient at the beginning to wear off. Then, eventually, if he has money enough, he is bound to finish the sowing of that properhies are the standard of admission would be only to put the Naval Academy in harmony with the colleges and other advanced schools of the country, whose terms finish the sowing of that proverbial crop. He may wait twenty years, but finish it he will. If any one doubts the truth of this assertion, let him look around at some of our illustrious tobacco among cadets should be enforced. otemporaries, Men who either married There are now upon the shelves of the li young, or else were forced to walk a chalk-line once on account of poverty, now in the days of their wealth, and gray hairs are brary about 2300 volumes. We would re-commend the enactment of a law to secure to the library, free of charge, all Government publications as they are issued. In the opinion of the board it is necessary that madder and more disreputable than the

MEDICATED STEAM Vermin Destroyer

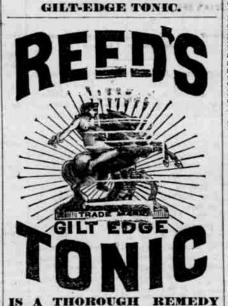

DISINFECTANT,

INSECT POWDER.

A NEW AND WONDERFUL INVENTION AN EFFECTIVE, CERTAIN AND SIMPLE MEANS OF Destroying Bed Bugs, Cockroaches, Ants, Moths and Parasites of all kinds.

The apparatus for generating the steam is an ordinary nursery lamp holding half a pint of the Medicated Fluid, with a tube at the top to direct the Medicated Steam upon any a small spirit lamp beneath the boiler. For Dwellings, Hotels, Steam Ships, Restaurants Ac., nothing ever discovered equals this appliance. It is harmless to human life; is inexpensive and simple in its use. While a most potent means for destroying Vermin it is the best disinfectant known and may be most effectually used to prevent the spri of contagious diseases, such as Yellow Fever, Scarlet Fever, Typhoid Fever, Diptheria, Small Pox, &c. One trial is the best proof of the great advantages of this over all other appliances. For sale by Druggists and General Dealers.

J. C. SPENCER, Proprietor, 532 Washington St., N. Y.

of Eithers. Sold by druggists and general dealers and at wholesale by C. P. Hunt & Co. and B. J. semmes & Co.

AN OPEN SECRET AMONG THE LADIES

MAGNOLIA BALM.

The brilliant, fascinating tints of Complexion for which ladies strive are chiefly artificial, and all who will take the trouble may secure them. These roseate, bewitching hues follow the use of Hagan's Mag-

nolia Balm—a delicate, harm-less and always reliable article. Sold by all druggists.

The Magnolia Balm conceals every blemish, removes Sal-lowness, Tan, Redness, Erup-tions, all evidences of excitement and every imperfection. Its effects are immediate and so natural that no human being can detect its application.
